

# PEACEFUL TIME FOR STATE G. O. P.

Smooth Sailing for Andrews as  
Candidate for Court of Appeals  
Seems Apparent

# GOVERNOR SPEAKS

Tells of Efforts to Reduce Expenditures Without Sacrificing  
Efficiency

Syracuse, Sept. 22.—Organized opposition to the nomination by the Republican state convention of Supreme Court Justice William S. Andrews of Syracuse as candidate for associate judge of the court of appeals vanished today. First came the announcement that Supreme Court Justice Aaron V. S. Cochrane of Hudson had requested that his name be withdrawn and later it was learned that Supreme Court Justice G. D. E. Hasbrouck of Kingston would not be placed in nomination. Justice Hasbrouck has been mentioned as a possible candidate in opposition to Justice Andrews.

Announcement that Justice Cochrane would not enter the fight of the convention floor came just as the opening session of the convention was called to order, but the news did not become generally known until more than two hours later, when adjournment was taken until tomorrow. The Cochrane candidacy had not made great headway, although most of the delegates from the third and fourth judicial districts, which include the eastern section of the state north of Orange and Dutchess and east of Herkimer, Otsego and Delaware counties, favored it. Their principal argument was geographical and was based on the claim that a third seat on the appeals court bench ought not to go to a Syracuse man when the eastern section of the state had no representation there.

# No Hasbrouck Boom.

With the announcement that Justice Cochrane had withdrawn, came the report that the Cochrane supporters would advocate the nomination of Justice Hasbrouck. Later, however, Philip Elkins, Ulster county leader, said there was no present intention to submit Justice Hasbrouck's name to the convention. The first session of the convention lasted a little more than two hours, most of which was taken up by the delivery of speeches by Senator James Wadsworth, Jr., the temporary chairman, and Governor Miller. Senator Wadsworth reviewed the accomplishments of the Republican national and state administrations and Governor Miller told of the efforts of himself and his associates to reduce state expenditures without sacrificing efficiency of administration or of state business.

Party policies should reflect the united wisdom of the party rather than the tears or necessities of candidates, Governor Miller told the delegates. "The responsibility of chosen representatives," said the governor, "has been substituted for mass irresponsibility, a deliberative assembly for the mass of the people."

Governor Miller said he trusted the convention's proceedings would prove the wisdom of the substitution and "that principles rather than expediency would govern the deliberations. 'After all, in the long run,' he said, 'the right thing is always the expedient thing to do; and it is easier to do the right thing than to do the expedient thing.'"

The first task of the Republican party in state and nation was to restore order, "and order is steadily but surely emerging from chaos at Washington, under the guiding hand of President Harding," while in this state on a smaller scale, the party has been striving to accomplish the same task, he said.

Reviews Administration.  
Reviewing the work of his administration in the past nine months, Governor Miller told the delegates that the revenues for the fiscal year ending June 30 were larger than the estimates and as all of the appropriations were not spent, there was a larger surplus beginning the new fiscal year than had been anticipated. That surplus, he said, "will tide us over the next year ahead" and without seeking new revenues but the state's needs on a sound financial basis "which means that outgo must not exceed income."

"Our people," Governor Miller said, "are suffering from stagnation of business, and one of the potent causes of this is our burdensome, cumulative and excessive taxation. It is unthinkable that at such a time those burdens should be increased more. It is imperative that they be equalized and reduced."

Economies Are Real.  
Denial was made that economies are far affected by his administration had not been real and that they had impaired the public service. He asserted on the contrary, there had been a marked improvement in every department.

# GOTHAM TO SHELTER 1,000 UNEMPLOYED

Municipal Lodging House Will Be  
Opened Today; Ledoux Con-  
tinues Aiding Jobless

New York, Sept. 22.—The city and Urban Ledoux, "Mr. Zero" of the auction block, ran a race today to aid the jobless and the city won the first lap.

Announcement was made that a municipal lodging house would be opened tomorrow to provide food and shelter for 1,000 unemployed. Mr. Ledoux later said he was negotiating for a building to feed and shelter at least another thousand men. He also issued an appeal to the churches to open their buildings to house the homeless.

The new municipal shelter will be opened by the mayor's committee on housing and feeding, under the direction of the Salvation Army. The building, a seven-story structure in West 15th street, was turned over without expense by the owner. Cots will be provided as soon as partitions are torn out and other alterations can be made.

Appeals also were sent out for bread and coffee to feed the first 1,000 of unemployed to be enrolled by the Salvation Army officials, who will pass on every application.

While the city was preparing its shelter, Ledoux continued his tour of the Bowery, water front and city parks, distributing free meal tickets to the unemployed. He also attended 200 jobless and marched them to the grounds of the Cathedral of St. John the Divine and asked for a conference with Bishop Manning of the Protestant Episcopal diocese of New York, regarding using one of the church's chapels for sleeping purposes.

When the bishop sent out word he was busy, Ledoux marched away with his men, whom he said were "human documents of unemployment," to a nearby restaurant.

Later, Bishop Manning said he would have met Ledoux had he waited.

# FOREST FIRE THREATENS TIMBER WITH DESTRUCTION

Saranac Lake, Sept. 22.—The timbered slopes of Mount Baker, near here, were threatened late today with great damage by a forest fire which broke out on the site of lumbering operations near Moody pond. A strong west wind not only increased greatly the danger of the fire getting beyond control but also broke down telephone wires to observation towers on nearby mountains, leaving the situation in other parts of the district in doubt. Telephone service between Amersand and Westport, and between Amersand and Stregis mountain was disrupted.

A large force of men led by Ranger G. H. Hopkins was fighting the Mount Baker fire tonight. Some residents feared that the fire would duplicate that of 1908, which denuded the mountain of its valuable timber growth.

A forest fire at Tupper lake was believed to be under control today.

# SCHENECTADY TROLLEY MEN GET 60-CENT HOURLY WAGE

New York, Sept. 22.—Restoration of a 90-cent hourly wage for trolley men of the Schenectady railways was granted today by an arbitration board which regarded as still binding a letter of May 1, 1920, in which the manager of the railways promised that wage as long as a seven-cent fare prevailed in this city. The letter was written by James C. Barnes, since September 1, 1920, president of the Louisville, Ky., railways, and was one of an agreement by which the common council permitted a fare increase and the railway raised wages.

Wages were cut to 45 cents June 1, with an agreement to arbitrate, and today's decision is retroactive. Back pay amounts to \$31,000. A modification of working conditions was not at issue between the men and the company.

# Painting of Cardinal Gibbons

Miss Anne K. Shea is shown putting the finishing touches on her painting of the late Cardinal Gibbons and Bishop Thomas Shahan which will be placed on exhibition at the Catholic University, at Washington. D. C. Bishop Shahan is president of the university. The painting is valued at \$10,000.

# 'GRATUITIES' PAID POLICE

Steamship Owner's Statement Is  
Chief Sensation at Yesterday's  
Session of Meyer Committee

# COSTLY PROTECTION

Companies Forced to Pay Sum  
Equal to Rental to Have  
Police on Their Piers

New York, Sept. 22.—Steamship companies renting piers from the city of New York are forced to pay \$7,500,000 annually—a sum equal to their entire rental—for special police protection against thieves, Elton R. Brown, committee counsel, today told the Meyer legislative committee investigating Mayor Hylan's administration.

The statement, which Mr. Brown called a "deduction" based on two or three cases "proved in their entirety," was made in the course of Mr. Brown's summing up of evidence so far introduced, prior to the committee's adjournment until next Monday, when the inquiry into the police department under Commissioner Enright will be resumed.

Speaking of the specific cases in which witnesses had been heard during the day, Mr. Brown declared "these piers pay a rental of \$100,000 a year and they pay \$100,000 a year for the purpose of having their goods protected by watchmen."

"That is, they pay as much for the purpose of protecting their property from being stolen from the piers as they pay for the whole rental—a ridiculous proposition."

He declared there was "either a disregard for the law that is incalculable," or that the steamship companies were being mulcted on work that could be done for much less.

"Is it possible," he continued, "going past passu, that the lessees of these piers pay \$7,500,000 to prevent their property being stolen? That would be the deduction."

During the earlier session, officials of trans-Atlantic lines swore on the witness stand that costs for private policing had mounted skyward at an alarming rate, though none laid the blame therefor at the door of Commissioner Enright, whose name, however, cropped up frequently in questions and answers.

The chief sensation of the hearing developed early in the day when Julius A. Behar, an official of the Navigazione Italiana, told of two payments of \$500 each to his company to Police Inspector Dominick Henry as "gratuities." This, he said, was during May and June, 1920, when Henry, who formerly had command of the district in which the company's piers are located, was under suspension awaiting trial on a perjury charge.

It was on the advice of Inspector Henry, Behar had testified, that his company employed former Police Inspector Adam Cross to head its force of private detectives which cost the cost of maintaining, he admitted, doubled almost immediately thereafter.

# SHERMAN LOCATED

Man Who Left New York Train  
Gives District Attorney  
Details of Party

San Francisco, Sept. 22.—The preliminary hearing of a charge of murder against Roscoe C. Arbuckle, in connection with the death of Miss Virginia Rappe, began this afternoon before Police Judge Sylvain J. Lazarus. Dr. Shelby Strange, city autopsy surgeon, was the first witness.

The court room was crowded to capacity with spectators, mostly women. Hundreds filled the corridor and pressed toward the doors but were held back by police. The corridor was so crowded that police, attorneys and court attendants had to fight their way through it.

Arbuckle entered court accompanied by his wife, Mrs. Minta Durfee Arbuckle; her mother, Mrs. Flora Durfee; and his attorneys, Frank E. Dominguez and Charles H. Brennan. His manager, Lou Anger, also took a place at the counsel table. By consent of both sides, witnesses were excluded from the court room until called.

Surgeon Tells of Autopsy.  
Dr. Strange said he performed an autopsy September 9 at 8:15 p. m., on Miss Rappe. He testified that she was about 25 years old, five feet five inches tall, and weighed about 140 pounds.

On her right arm between the elbow and the shoulder he said he found three bruises and on her left arm a small mark, which apparently was caused by a hypodermic needle.

Dr. Strange testified that all internal organs were normal except the bladder, which had a torn wall, caused, he believed, "by some external force."

Dr. William F. Ophals, the next witness, gave, in general, testimony similar to Dr. Strange. Miss Grace Hailston, a nurse, was called next. Her testimony relative to bruises on Miss Rappe's body was challenged by the defense and court was adjourned until tomorrow.

# NO ONE FELT CONCERNED OVER ACTRESS' ILLNESS

New York, Sept. 22.—District Attorney Swann today obtained from Lowell Sherman, motion picture actor, a graphic account of the party in San Francisco which had for an epilogue the death of Virginia Rappe.

Sherman, who attended the party staged in the rooms of "Patty" Arbuckle, now facing a charge of murder, was located by the district attorney's office after he had jumped out of the Twentieth Century Limited at St. Harmon, N. Y., yesterday and disappeared in an automobile.

Found in his apartment here, Sherman explained that he had sought to elude publicity and not Mr. Swann, and he had been waiting for an invitation to appear at the district attorney's office. He professed himself unable to return to the Pacific coast to testify at the Arbuckle trial.

An assertion which appeared several times in Sherman's formal statement, mailed today to District Attorney Brady in San Francisco, was that those who had attended the party had not felt great concern over Miss Rappe's illness, the consensus of opinion being that she simply "had a bun on."

Sherman declared he never had asked Arbuckle what had occurred between him and the girl after they had entered his bedroom and closed the door, and Arbuckle never had told him.

Miss Rappe Put to Bed.  
Everybody was feeling the effects of whiskey and gin, according to Sherman, and a photograph was making a mad racket throughout the party. Sherman had failed to revive the girl and she had been put to bed, Sherman said that at the suggestion of Arbuckle he had cleared the suite of guests and dismissed the matter from his mind, not taking the girl's illness seriously.

# FOUR KILLED IN CROSSING ACCIDENT NEAR SYRACUSE

Syracuse, Sept. 22.—Four persons were killed tonight when a Delaware, Lackawanna and Western railroad train crashed into an automobile in which they were riding at Jamesville crossing, a few miles from here. The dead: Mrs. L. Harris Levy, wife of Dr. L. Harris Levy, prominent local physician; Miss Frankow, Dr. Levy's secretary; Glenn V. Willard, chauffeur; and Miss Julia Crough, nurse. Dr. Levy was slightly injured.

The automobile became stalled on the railroad track crossing right in the path of the last approaching train. The engineer said he saw the car but could not hit it. The train, which was traveling 40 miles an hour, before it crashed into the automobile.

# WORLD'S SERIES TO START OCTOBER 5TH

First Game on Home Grounds of  
National League Team;  
Prices \$1 to \$6

Chicago, Sept. 22.—The world's series will start October 5. It was decided today, the first game being played on the home grounds of the National league team.

In the event either Pittsburgh or Cleveland should finish first, two series games will be played in the National league city, the next two in the American league town and so on. Both New York teams are at present leading the leagues.

The details of the series were arranged today at a meeting of the league presidents with Judge Landis, baseball commissioner. President John Heydler of the Nationals, won the toss and the first game for his league.

Leslie O'Connor, secretary to Judge Landis, tossed the coin and Ban Johnson, president of the American league, called "heads." It fell "tails."

The commissioner and the league president divided the prices for the series at from \$1 to \$6.

If one or both New York teams win, the prices will be \$1 in the bleachers, \$3 for unreserved seats in the upper grandstand, \$5 for lower grandstand reservations, and \$6 in the boxes.

In the event Cleveland wins, boxes will be \$8; reservations \$4 and \$5; parking seats, \$2, and general admission, \$1.

Nine games may be played. It was decided, the series going to the winner of five. If a ninth game is played and one of the teams outside of New York is in the series, a coin will be tossed to decide the city. If both New York teams are in the series they will meet after the eighth game to the other grounds.

# EVANS AND GUILFORD COME TOGETHER AT GOLF TODAY

St. Louis, Sept. 22.—In two spectacular matches that ended on the 36th green today in the national amateur golf championship at the St. Louis County club, Chick Evans, defending his title, defeated Jesse Sweetser of New York by one up and Jesse Guilford of Boston eliminated Harrison Johnston of St. Paul by the same score, bringing the match together in the semi-finals tomorrow.

In a closer though not so thrilling contest in its finish, Willie Hunter, British champion, defeated Bobby Jones of Atlanta, two and one, after being down to the Georgian nearly all day, and won the right to contest the other semi-final match with Robert Gardiner of Chicago.

# ULLMAN AND FRIEDMAN FREED OF TAX FRAUD CHARGE

New York, Sept. 22.—Assemblyman Sol Ullman and his law partner Emanuel Friedman, today were ordered acquitted of charges alleging income tax frauds by Judge Shourie in federal court. The judge said the government had not presented sufficient evidence.

The cases of two other defendants, Justus Frankel, a public accountant, and Harry Levy, an internal revenue agent, who were indicted with Ullman and Friedman, were called to trial. The four were charged with filing false income tax returns with conspiracy to defraud.

# OPPAU IN RUINS AND DESOLATION

Eleven Hundred Dead and Four  
Thousand Injured Latest Es-  
timate of German Disaster

# TOWN A VAST CRATER

Moaning and Cries of Wounded  
Still to Be Heard; French  
Army Corps in Charge

(By the Associated Press.)

Mannheim, Germany, Sept. 22.—Desolation and ruins alone remain of what was once the flourishing town of Oppau. The town had 6,500 residents, of which a majority of the men engaged in the chemical works were killed or wounded. Soldiers in French uniform are clearing away the wreckage, picking up the dead and injured as after a battle.

Eleven hundred dead and 4,000 injured is the latest estimate of the disaster yesterday which caused a greater number of casualties in the Mannheim-Ludwigshafen district than the four years of the war. Hundreds of persons are digging in the ruins for the bodies of relatives or friends, nearly a thousand of which have been recovered thus far.

Thirty-six hours after the explosion from the gapping funnel-like hole where the works formerly stood, there are still to be heard moaning and the cries of the wounded.

The vast crater is slowly filling with water and it may never be known how many victims found a grave there. The firemen and relief workers have not yet been able to discard their gas masks.

# French Army Corps in Charge.

The 32d army corps of the French army is in complete charge of the area and every available French medical officer had arrived early this morning to cooperate with the German physicians and surgeons. The French and German Red Cross are co-operating and a German sanitary train has brought large quantities of medical supplies. The German officials thanked General Degoutte for the prompt manner in which the French army came to the assistance of the victims.

The French high commissioner on the Rhine, M. Tirard, and his entire staff, took charge of the relief work. From Fankenthal, four miles away, there was a steady exodus of the population, in which bandaged heads and arms in slings were conspicuous. The village of Edigheim was badly wrecked, and it has not yet been possible to rescue some of the victims who are known to be under the debris.

At Oppau whole families were completely wiped out, about 300 bodies having already been placed in the adjoining cemetery awaiting burial. The Mannheim hospitals are crowded with injured, more than 400 persons having suffered from the explosion in this city.

Several French officers were killed and many wounded when the force of the explosion wrecked the French barracks at Eisenheim. A train which had just left the station was blown off the tracks, plowing through the sheds where French soldiers were quartered. General Degoutte personally decorated a Moroccan soldier who rescued 11 wounded from the wreckage, the African being severely burned about the hands and neck.

Primarily, it is reported, the disaster was caused by the explosion of 15 tons of ammonium sulphate in the preparation of a new gas.

# Little to Work On

An investigation of the explosion has been ordered by the authorities, but those who have visited the ruins declare there is little upon which a finding can be based. The buildings of the Basileis company has disappeared and only a great hole in the ground marks the site of the main structure. It is a theory of those familiar with the plant that at least two gasometers exploded and that nitrogen compounds stored in the buildings or in the process of manufacture were detonated. Another theory is that a nitrogen tank let go and that four others were set off by the concussion.

Order is being maintained in the town of Oppau and vicinity by French soldiers, that district being within the French zone of occupation. The base of the French forces in that region is at Ludwigshafen, on the west bank of the Rhine, from which place the troops were rushed to the scene of the disaster.

This is the second time Oppau has been destroyed. In 1855 a dam burst above the town and the place was swept by a wall of water.

General Degoutte, in command of French forces of occupation, went from this city to Oppau and immediately sent for the sanitary staff of the army on the Rhine. He has organized kitchens to feed the families of victims of the disaster, and the high commissioner has given 75,000 marks to the Workers' syndicate to alleviate distress.

# HELD FOR PRIEST'S MURDER

San Francisco, Sept. 22.—A warrant charging David Bender, who escaped from the Maryland penitentiary, with the murder of Father Patrick E. Heelan, Catholic priest of Colma, a suburb, was sworn to today by J. Harry Dunlap, a private detective.

William A. Hightower is also held for trial in connection with the priest's death.

### GRANDS WIN IN TWELFTH

Cleveland Virtually Keeps Pace With New York in Battle for Pennant. Boston, Sept. 22.—Cleveland won from Boston, 9 to 8, in 12 innings to-

day, thus virtually keeping pace with New York in the battle for first place. The Indians won on O'Neill's long double to right center. Finch hit Specker's infield out and Jamieson's fast plunger which Scott could not field in time. Specker nearly collapsed in running out his roller to Pratt. Both teams' poor fielding of bunts, Sewell a muff on a easy fly which allowed two runs to score, and a freak three-base hit by Walters which Smith lost in the sun were the leading factors in the Boston scoring. Russell and Thorman were wild but the box work of Myers for the Red Sox and Morton and Caldwell for Cleveland was excellent. It was Morton's second victory in two days. The score: Cleveland 9 0 2 0 0 0 0 0 0 1—9 11 5 Boston 8 1 0 4 0 0 0 2 0 0 0—8 12 0 Batteries—Gothorn, Morton (Caldwell) and O'Neill, Shinault, Russell Thorman, Myers and Walters.

Whitewash as a Fire-Proofing Tests made of the fire-resisting paints have demonstrated that these are fairly effective for small amounts of wood. Ordinarily calcimine or whitewash has proved in tests to be as fire-resistant as any paint covering tried. It is cheap and convenient to use. Although it will not prevent the burning of wood exposed continuously to a high heat, a good coat of calcimine on wood will decrease the danger of a blaze spreading from burning cigarettes, sparks, matches and similar small sources of fire. Calcimine is, of course, more effective for inside than for outside use.

## TO INSPECT NEW ROAD.

Residents of Decatur to Celebrate Completion of Improved Road. Members of the board of supervisors of Otsego county are to be the guests of Supervisor Porter T. Hudson of Worcester at a luncheon in the village on Saturday at noon and in the afternoon will inspect the new improved road which has been completed between Worcester and Decatur.

At Decatur it is planned to make the afternoon a fête day in celebration of the completion of the road. It is expected that Deputy Sheriff Henry Clark of the board, will give an address. Music for the afternoon will be furnished by the Worcester band and the Ladies' Aid society of the church there will serve ice cream and cake. It is hoped that there will be a large attendance and appreciation of the work of the supervisors for the construction of this road.

"THERE'S DEATH IN THE POT" A Calibrated Lenden Doctor Used the Above to Establish the Danger of Eating Potatoes That Overeat to Failure to Eliminate Waste.

Nature could not devise a way to feed and repair the body without the production of considerable waste matter. But Nature provided for the regular, thorough elimination of such waste. To disregard her intention is to break a natural law. Whether you help Nature by wise or foolish means is left to your own judgment. To smother force bowel movement is unwise, unnatural and ineffective. You can choose harsh, drastic, violently acting drugs or take such without caring what their action or effect is, or you can select some old time-proven, trial-tested remedy, that has been used for 70 years or more by thousands of people all over the world, with the result that it has won an enviable reputation as a reliable household remedy. Take Beecham's for example. All the world knows Beecham's; a goodly part of the world uses Beecham's, has been using it for years, handing its use down from father to son, from mother to daughter, for generation after generation, recommending it to others. In spite of such extensive and general use, we never heard complaint or criticism of Beecham's? That in itself is a powerful recommendation. Don't take anything for granted. Reason it out. All druggists sell Beecham's—are glad to sell them. Beecham's reputation has been made by its users not by its sellers.

## CUT THIS OUT How to Make Grape Jelly Grape Jam, Too— It's Delicious

Grape jelly, with all the delicious full-ripe grape flavor, and grape jam always considered impossible by jam makers can now be made at home within a few minutes. No more long-boiling, no more worrying, no more wasted batches of fruit and sugar. The Certo Process eliminates all the trouble, is absolutely certain and very economical.

### Grape Jelly.

The new "Certo Process" for making grape jelly is very simple. Crush about 3 1/2 pounds of ripe grapes and add 1/2 cup of water. Stirmer in covered saucepan for 15 minutes. Put cooked fruit in jelly bag and strain out as much juice as possible. Measure 1 1/2 heaping cups (3 1/4 lbs.) sugar and then 4 cups (2 lbs.) of grape juice into saucepan stir and bring to boil. At once add 1 bottle of Certo, stirring constantly. Stir and bring to a boil again for one minute. Remove from fire, let stand one minute, skim and pour into glasses. Makes 3 1/2 pints or 11 half-pound glasses of jelly. Ordinary bottle of grape juice also makes delicious jelly with this recipe.

### Grape Jam.

Use about 3 lbs. ordinary size or 3 1/2 lbs. small grapes. Wash, stem and separate skins from pulp, tearing the skins in halves. Simmer pulp for ten minutes in covered saucepan and remove seeds by screening through a sieve. Crush skins with wooden masher and mix with screen-d pulp. Add 1/2 cup of water stir until boiling and simmer slowly for 1/2 hour in covered saucepan in order to get skins tender. Then measure 4 leveled cups of the cooked fruit into a large saucepan (5 or 6 qt size) adding if necessary enough water to the fourth cup to make it level full. Add 6 heaping cups (3 lbs.) of sugar and mix well. Stir the mixture hard and constantly, and bring to a vigorous boil over the hottest fire. Boil hard for one minute with continual stirring. Remove from fire and add one-half bottle of CERTO, stirring it in well. Skim and pour quickly into glasses. Makes 3 1/2 pints or 11 half-pound glasses.

By the above method as practically no boiling is required all the flavor and color are saved and two-thirds more jam or jelly is made from the same amount of fruit. The CERTO Book of Recipes tells how to make all kinds of jams and jellies including peach, plum and grape. Get a copy of the book and a bottle of CERTO from your nearest grocer or druggist and begin to make all your jams and jellies by the easy certain and economical CERTO Process.

If your grocer or druggist does not have Certo please to phone number 216 to learn where to obtain it. Important — Certo is "mother nature's jelly maker" — the pure concentrated jelly-making principle of fruit contains no gelatin, chemical or preservative and because of the fact that it saves time, money, color and flavor and never fails but revolutionized the art of jam and jelly making. Every housewife should use it.

## HEALTHMOBILE COMING

State Department Sending Specialists to Examine Children Wednesday Next.

Milford, Sept. 22.—On Wednesday of next week the Healthmobile, a machine from the state department, bearing educational exhibits and state doctors and nurses, will visit Milford. The headquarters for the work will be in the basement of the Methodist Episcopal church in the afternoon, from 1 to 5 o'clock. During these hours children between the ages of six months and seven years will be examined. Mothers are urged to bring their children to this meeting and take advantage of the opportunity afforded them at this time.

This examination is not for sickly children but for healthy children, that the little physical defects, not apparent to the mother, may be discovered and taken care of before they develop into more serious causes. The examinations will be made by Dr. Elsie Blanchard, H. J. Ball and J. S. Walton of the state department, assisted by the following nurses: Misses Noon, Kiley, Kenny of the state department, and Ennis, Otsego county tuberculosis nurse.

In the evening at 8 o'clock free movies will be shown at the church.

followed by an address by Dr. Ball. The pictures are full of action, being special films taken by the state department.

A soliciting committee has been organized here with Mrs. C. J. Armstrong as chairman and this committee will make a house to house canvass and explain to mothers the value of having their children examined for possible physical defects.

**Services at Grange Hall.**

The services held at the Hinman Hollow Grange hall last Sunday evening by the Rev. A. D. Ryne of Hartwick were well attended. Services will be held again on Sunday evening of this week to which all are invited.

**SEVERELY INJURED BY FALL.**

Mrs. A. A. Martin of Stamford Township Falls Through Hay Chute.

Hobart, Sept. 22.—Mrs. A. A. Martin was seriously injured Tuesday afternoon as the result of a fall through a hay chute in the large barn on her dairy farm in Stamford township. Mrs. Martin was gathering eggs in a hayrack when in some manner she slipped and fell through the hay chute to the floor below, a distance of nearly twenty feet. A board which had been placed at the foot of the chute to slide the hay into a manger broke somewhat the force of her fall and prevented her from striking the concrete floor. She was attended by Drs. West of Hobart and Hubbell of Stamford, who found her suffering from a dislocated shoulder and severe cuts and bruises about the head and face. No symptoms of internal injury have developed and it is thought that her condition, although serious, is not critical.

## How Yeast Vitamon Tablets Put On Firm Flesh

Increase Your Energy and Beautify the Complexion—Easy and Economical to Take—Results Quick.

This run-down folks will find this simple test well worth trying: First weigh yourself and measure yourself. Next take Mastin's VITAMON—two tablets with every meal. Then weigh and measure yourself again each week and continue taking Mastin's VITAMON regularly until you are satisfied with your gain in weight and energy. Mastin's VITAMON Tablets contain highly concentrated yeast-vitamins as well as the two other still more important vitamins (Fat Soluble A and Water Soluble C), all of which, Science says, you must have to be strong, well and fully developed. They are now being used by thousands who appreciate their convenience, economy and quick results. By increasing the nourishing power of what you eat Mastin's VITAMON supplies just what your body needs to feed the shrunken tissues, strengthen internal organs, clear the skin and renew shattered nerve force without upsetting the stomach or causing gas. Pimples, boils and skin eruptions seem to vanish as if by magic and

the complexion becomes radiantly clear and beautiful. But it is not only a question of how much better you look and feel, or what your friends say and think, the scales and tape measure will tell their own story. Even a two weeks' test will convince you.

**IMPORTANT!** While the amazing health-building value of Mastin's VITAMON Tablets has been clearly and positively demonstrated in cases of lack of energy, nervous troubles, anemia, indigestion, constipation, skin eruptions, poor complexion and a generally weakened physical and mental condition, they should not be used by anyone who OBJECTS to having their weight increased to normal. Be sure to remember the name—Mastin's VITAMON—the original and genuine yeast-vitamine tablet—there is nothing else like it, so do not accept imitations or substitutes. You can get Mastin's VITAMON Tablets at all good druggists, such as Shadock, Marsh, the Druglist; Brinkman & Shipper; J. M. Dickson; H. B. Gillschewsky.

## SELLING NEWSPAPER SPACE.

The editor of a daily newspaper in another city submits this question: "If you had newspaper space to sell, and a payroll to meet, would you sell your space to business men who want it, or would you hold it for local people who won't take it and who sometimes declare that advertising doesn't pay?"

The question is one that confronts publishers of newspapers everywhere and especially is it pertinent these days when mounting costs have placed the publishing business in a precarious position, threatening the continuance of many newspapers. In fact, in many places it has become a struggle for existence.

There are newspapers and many of them that are live and distinct and splendidly edited and a distinct asset to the city or village in a field where a considerable number of the local merchants openly aver that it is not necessary to advertise and that they do about the same volume of business anyway. That everybody knows them and where they can be found.

These business men fail to appreciate the fact that the volume of advertising carried by the home newspaper is indicative of the enterprise and desire for business of the community and that people follow to the community which seeks their patronage. Publicity draws and keeps a community prosperous, while its lack causes business to slacken and the buying public to seek out the towns and cities where the merchants solicit their patronage.

They fail also to recognize that the local paper performs a service to the community that can be done in no other way and that it gives thousands of dollars worth of advertising to the community in countless ways, without which the city will suffer loss in actual business done and in prestige in the surrounding territory.

Advertising in the home paper is not only the best means of bringing customers to each individual store, but it is a contribution to the general upkeep and advancement of the commercial interests of the city and an insurance upon future growth and development.

There is but one answer to the query propounded by 'The State' exchange. Where there are merchants and business men who are not appreciative of the value the publisher has to sell and there are others outside who can make space pay them a handsome profit, the paper should sell its space, as does every other business man, wherever he can find a customer. Merchants often go into outside communities paying a greater rate per inch per thousand of circulation than in the home paper and can there be found a single argument why the publisher should not go outside and solicit business from any one, knowing better the value of printer's ink and its judicious use, appreciate its worth and can make it mutually advantageous. No, indeed! Newspaper space is like any other commodity, for sale wherever a customer can be found.

## CHAMPLIN A PLAYWRIGHT.

His Own Creation, "The Man Killer," Pleases Large Audience Last Night.

That Charles K. Champlin is as skillful a playwright as he is an actor was the opinion of everyone who witnessed the production of his own play, "The Man Killer," at the Oneonta theatre last evening. The crowd was for the fourth night in succession a capacity one and unhesitatingly the early hanging out of the S. R. sign, "The Man Killer," dealt a most potent blow to the Mexican situation in southern Arizona and was full of tense situations and bright, clean comedy. The Champlin players were at their best last evening and gave an interpretation of the play that could not help but please.

At both matinee and evening performances today, Mr. Champlin will present H. H. Frazer's comedy, "My Lady Friends." This play made a record run on Broadway last season and is now on tour at New York prices. Mr. Champlin, however, is presenting it to his patrons at popular prices although at the expense of a heavy royalty. Saturday afternoon "Sex Against Sex" will be played and Sunday evening the engagement will close with "Johnny Got Your Gun," which is not a war play but a side-splitting comedy of the motion picture game. Mr. Champlin will play the star role.

The theatre box office is open daily for seat reservations from 10 a. m. until the rise of the curtain.

## REPUBLICAN CO. COMMITTEE.

Meeting for Organization Called for Next Week Tuesday.

Chairman Frank G. Sherman has called a meeting of the Otsego County Republican committee, to be held at 1:30 o'clock on Tuesday afternoon, September 27, at the Municipal building in Oneonta.

The purpose of the meeting is to organize by the election of a chairman, treasurer and secretary and such other officers as the rules may provide, the filling of any vacancies which may exist and the transaction of any other business which may properly come before the meeting.

## COMMENTS OF THE PRESS

### The Courts on Trial.

The Arbuckle case is being watched from coast to coast and the duty of seeing that the trial be conducted fairly, honestly and impartially is as grave as any with which the government is confronted.

Theodore Roosevelt was attacked as a demagogue when he assailed the integrity of our courts and even went so far as to urge the recall of judges. The American Bar association has repeatedly denounced the evils of corruption in the administration of the law.

Let the people of America now discover that justice may be blocked, and the last vestige of belief in the safety and integrity of our judicial system will disappear.

The Arbuckle case is no ordinary crime of San Francisco's 1914 light denizens. It is a challenge to the whole nation.—[Auburn Citizen.]

### The Rejected Immigrants.

There were selfish steamship agents long before the enactment of the present law. The situation is made more conspicuous now because of attempts to enforce the new law. It serves to emphasize the fact that there should be more inspection and sitting of prospective immigrants in their native lands before they break up home ties and hopefully set sail for the United States. Also, some means should be discovered and enforced for making the activities of over zealous and dishonest steamship agents so unprofitable that they will try harder to confine their efforts within the limits of legal requirements.—[Elmira Star-Gazette.]

### A Desant World.

During the war almost everybody talked, or heard, a lot about spiritual uplift, new thinking, a world made over and man's new heritage of independence. The fetters of a hideous past were to be hurled into the abyss of oblivion.

It is nearly three years since the war ended. Many persons, once hopeful of seeing the signs of that new era have become discouraged. Nothing, they say, is much different from the old days except the absence of lawful rum and the price of food. But every citizen, going about the streets yesterday, saw the rainbow of the reconstructed world, heard the chugging to the six cylinder uplift. It was September 15 and an aroused and defiant humanity was keeping its stride hat on.—[New York Herald.]

### Barkie Is Willin'.

An unofficial intimation from Washington that Attorney General Daugherty has no thought of resigning will cause regret in the ranks of certain ambitious gentlemen who know they could serve their country with great distinction and want nothing better than a chance to prove their worth as statesmen and draw down the \$12,000 salary of a cabinet official.—[Syracuse Journal.]

### St. Lawrence Plan Folly.

Not only does this successful Canadian competition show the necessity of reducing American freight rates, but it emphasizes the folly of any appropriation by congress for a deep water route to the sea through the St. Lawrence river. If such a plan were practical, it could only result in more diversion of traffic from New York and other ports of our own country. It is not really to the interest of the west to build up Canada at the expense of the eastern part of the United States. Some of the western politicians do not seem to realize that in injuring the east, they will hurt themselves in the long run.—[Lancaster Post.]

### There Must Be No Strike.

Industry must earn profits to pay wages, and it can only earn them in the roads' case by charging higher freight rates. But the last year has clearly shown that there is a point where high rates stop the flow of traffic. The men must choose between reasonable wages that will admit of maximum employment, or higher wages that will mean the letting out of thousands to increase the ranks of the unemployed. We hope they will see this and act with the wisdom they have so often shown in the past. There must be no strike.—[New York Mail.]

### A Simple Compromise.

The question as to what shall constitute the official language of the disbarment conference has not yet been determined and may not be until the delegates meet. In view of all the circumstances under which the conference assembled, why not make it plain "United States"? Confusion of tongues is to be avoided.—[Los Angeles Times.]

## KENYON AT BINGHAMTON

FORMER ONEONTA MAN COMPLETES 2,000 MILE JOURNEY WITH HORSE AND BUGGY.

Seventy-Year-Old "Youngster" Left Hopkins, Mo., on August 3 And Stopped by Wayside Only When He Became Tired and Hungry—Expects to Visit Relatives and Friends in This City.

Binghamton Sept. 22.—Frank A. Kenyon, formerly of Oneonta, a man last 70 years arrived in Binghamton today with a record that is perhaps more interesting and worthy of mention than any feat performed in New York state sportsman within the last 15 years.

It is the record of one who travelled from Hopkins, Mo., to this city, a distance of 2,000 miles in a horse and buggy over all kinds of roads and through mountainous territory, eating and sleeping on damp blankets, on wet ground and in barns alongside of his ponies.

Mr. Kenyon was in Iowa and was an eye witness to the catastrophe caused by cyclones which wrecked several villages in the northern part of that state recently. He was in the village of Kress, he said, when a cyclone ran storm arose and he was compelled to hasten his horses in order to get to a place of shelter in the nearest woodlands. Arriving at a small river just 12 miles from the center of Kress he pitched his tent and lay awake listening to the raging storm, the falling of trees, and the whistling air. He became tired by dark, drew on and within several hours he was asleep on the folding cot which he had brought with him from the ranch in Hopkins.

The following morning Mr. Kenyon arose and after bathing for a half hour or more in the stream which ran alongside of his tent he started for the next village. He was unable to enter, however, as the cyclone of the night before had toppled over houses and trees and the road became torn, preventing passage. He managed to procure an axe from a farmer who stopped to question him concerning his destination and in a short time he had succeeded in piling a path big enough for his buggy and ponies which enabled him to reach a side road which had been little affected by the storm.

Mr. Kenyon stopped only when he became tired and hungry. He rode some days for nearly a hundred miles eating a piece of unbuttered bread now and then to still his hunger. It was his custom to ride until he came upon a suitable spot for camping purposes along a river front where he could obtain plenty of water and take his early morning bath. It was to Mr. Kenyon's credit that Mr. Kenyon attributed his success in riding such a great distance in such a short length of time.

He started his journey on August 3 and arrived in New London, Ohio, the home of his brother, on August 31, 28 days later. He remained in that city as the guest of his brother for six days and started out on September 6 determined to reach Binghamton by October 1.

Mr. Kenyon arrived in this city after his long journey not alone with the record of a 70 year old man travelling 2,000 miles in horse and buggy but with the consolation that he met with no disasters and had no occasion during the course of his travel to provide himself or ponies with medicine or any kind of nourishment.

He spoke particularly of the scarcity of water in the farm lands of Ohio, Indiana and Iowa, relating several instances of where he had to sneak into farm yards and into barns to get water for his horses. "I was detected several times," he said, "but always managed to get the water and get away with my life. Several times I asked for water, but it was not until I had managed to get a good supply for the ponies."

Mr. Kenyon had an extra horse attached to his buggy but fortunately he had no occasion to use it, he said. He carried it the full distance into the state of New York and sold it in the village of Addison for \$15.

In no uncertain terms did he praise

## GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and fear deafening headaches, or if you have ringing, tumbling, buzzing noises in your ears, so to your druggist and get 1 ounce of Ruud's, (double strength), and add to it 1 1/2 ounce of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

Talk with often being quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with deafening head noises who has head noises should give this prescription a trial.

No garment is used so much and on so many occasions as the sweater of one sort or another. We are showing the Cotton Coat at \$1.00 up to a fine pure wool at \$10. All the way between, Slip-Ons, collars or not, Sport Coats, etc.

the service given him and his ponies by a sheet iron store with which he had become accustomed to cooking while at the ranch.

Mr. Kenyon while in Hopkins was employed as the superintendent of one of the largest ranches in that section of the country. It was because of a longing for relatives and friends in Oneonta that he finally decided to depart from that country.

## Letting Folks Know.

It is no uncommon sight, in riding through the country, to see roadside boards in front of farm houses on which various products such as fruit, pumpkins, melons and tomatoes are displayed. It seems strange, remarked one man not long ago, that so few of the farmers take the pains to tell about their wares in an ad. in the local paper. It would bring many an automobile party to their door.

## PLAN NEXT ICE HARVEST

Farmers Should Have Storage Place, Which Need Not Cost Much—College Gives Plans.

One of the hottest summers known, after a mild winter, gave trouble to many dairy farmers in New York because they lacked a suitable ice supply.

In connection with their problem, Cornell has just issued a reprint of its publication on the farm ice supply. This bulletin says that it is not necessary to build an expensive house with insulated walls, but that even a mere shack in which the ice is carefully packed will keep it so that about two-thirds of the supply which is stored will be available for use in summer. However, the bulletin says, a double-boarded, well-roofed house is worth the difference in cost, and should always be preferred to the un-insulated shack except when strict economy in materials is necessary.

## A Spare-Time Job.

Farmers who wish to construct ice houses this year should get the concrete foundation ready before frost, says the bulletin. The second stage of construction—the frame work and inner lining of the walls—must be completed before the time of the ice harvest. If the construction of the building is made a spare time job, the outside walls or siding and the roof may be put on later, some time before warm weather sets in.

The bulletin gives the capacity in tons of ice houses of various sizes, tells how to harvest the ice and how to handle and pack it. A copy may be obtained by any person interested in the subject who asks the College of Agriculture at Ithaca for F-135.

"Here lies the body of William Jay,  
Who died maintaining his right of

He was right, dead right, as he sped

But he's just as dead as if he'd been  
wrong." — [The Automobileist].

—The Floral Parade will form on  
Ontario street today at 12:30 sharp.

—The judging of horses at the One-  
onta fair will take place at 2 a. m.  
sharp in front of the grand stand.

—Additional state troopers will ar-  
rive at the Oneonta fair today and  
will perform Hippodrome acts and  
fancy riding in front of the grand  
stand.

—Born, September 22, at 4:30  
o'clock, to Mr. and Mrs. Harold Bil-  
lings of Fergusonville, a girl weighing  
5 1/2 pounds, who has been named  
Cynthia Alice. Mrs. Billings will be  
remembered as Miss Ella Hughes,  
formerly of this city.

—Several of the gypsy fortune tell-  
ers were ordered off the fair grounds  
by the state troopers yesterday after-  
noon, it being claimed by several  
people that their pockets were picked  
while in or near the tents. No large  
sums were reported missing, however.

—Notwithstanding that a steady  
stream of automobiles passed up and  
down Main street from morning until  
evening, not a single accident of any  
importance occurred yesterday, a fact  
which speaks well for the efficient  
manner in which the police authorities  
handled the traffic.

—That Oneonta fans are keenly in-  
terested in the outcome of the base-  
ball pennant races is evidenced by the  
throngs in front of The Star bulletin  
every evening and by the number of  
telephone calls which are received  
at this office. The closeness of the  
race this year makes each game play-  
ed by the leading clubs assume nearly  
the importance of a world series con-  
test.

—The extent to which motor cars  
are displacing the railroads as a  
means of travel about this section was  
well illustrated yesterday. With one  
of the largest crowds ever seen on the  
fair grounds and the space crowded  
to such an extent that the manage-  
ment was compelled to refuse admis-  
sion to more than 500 persons at 12  
o'clock, there were no special trains  
to the city and no crowds seen com-  
ing up Broad street after the arrival  
of the regular trains. No one could  
tell from the throng on Broad street  
at any time when the trains reached  
the city. In former days that street  
would be black with people after the  
arrival of the trains.

### BATTLE FOR CHAMPIONSHIP

D. & H. Generals and Susquehanna  
Division Team Will Decide Baseball  
Honors at Nehalem Park Today.

The baseball championship of the  
D. & H. system will be decided today  
at Nehalem park when the D. & H.  
Generals of Albany, representing the  
general office, meet Brodie's Susque-  
hanna division team. The high call-  
bre of the teams is recognized in One-  
onta as both have appeared in the  
city against the Giants. The Gener-  
als, in their two games with the local  
community team, played good ball as  
has been seen in the city this season.  
One of the contests going to 16 in-  
nings. Brodie's team also put up a  
good exhibition against the Giants.  
The Albany team looks like the  
stronger combination but the Susque-  
hanna division team has its eye on  
the championship and is going to be  
loaded for bear today. With Davis  
pitching for Brodie's team, the Gen-  
erals are bound to find the going a  
bit rough. A large delegation will  
doubtless accompany the Albany team  
to try their lungs against those of the  
local railroad men.

## IN EVERY WAY A RECORD DAY

Largest Crowd Ever on Oneonta  
Fair Grounds—And the  
Best Show

### EXCELLENT RACES TODAY

Space Inside Track Covered With  
Auto—None Admitted After 1:30  
—Entries of Unusual Merit in  
Floral Parade—Estimates of At-  
tendance Run From 20,000 to  
30,000.

Wednesday, as everybody knows,  
was sorrowful for those who wished  
to attend the Oneonta fair, and doubt-  
less also for the management, ex-  
hibitors and concessionaires; but  
Thursday was a day of great satisfac-  
tion to everybody. The sky at day-  
break was cloudless, and despite old  
sayings about storms to follow when  
the sky clears in the night, it re-  
mained cloudless through the day,  
only an occasional cloud being seen  
from dawn to sunset. The air too,  
was warm, but not uncomfortable,  
and of all the thousands who were in  
the city there was not one to com-  
plain.

The rush to the fair began in early  
morning, by train, trolley and bus,  
but most of all by auto, though there  
was still liberal sprinkling of horse-  
drawn vehicles, such as twenty years  
ago or a little more were principal  
means of conveyance everywhere. So  
numerous were the autos, in fact, that  
at half past eleven o'clock in the  
morning practically every foot of  
available space on the fair ground  
was covered with cars, and orders  
were issued that no more should be  
admitted. While this was naturally a  
disappointment to many, it was  
more good fortune than a few returned  
home, saying that they would com-  
e again today—and earlier; but most  
of those unable to drive upon the  
grounds found place for parking out-  
side not only along the streets but in  
private yards and driveways, citizens  
generally and generously inviting  
them to do so. This attitude on the  
part of Oneonta was highly appre-  
ciated by visitors, who fully ap-  
preciated the community spirit which  
was everywhere displayed.

### The Grandstand Overflowing.

Before 12:30, which was the hour  
for the floral parade, every available  
seat and foot of standing room in the  
grand stand on the ground in front  
of it was filled, and the crowd had  
overflowed to and covered the bank to  
the east. The stand itself, comfort-  
ably filled, will seat 3,000 people. It  
was uncomfortably filled yesterday;  
and with the overflow to the banks  
and other space inside the inclosure,  
the number must have approximated  
5,000. As to what the fair attend-  
ance was there was wide difference of  
opinion. The estimates ran all the  
way from 15,000 to 30,000, with per-  
haps a fair estimate of 20,000, and a  
general agreement that there were  
more than ever before. Not only were  
Otsego and Delaware counties out in  
force but there were many visitors  
from all near-by counties, taking ad-  
vantage of the perfect day to witness  
a fair which for 25 cents it has  
never raised its rates in peace or war  
—offered and actually gave \$2.00  
worth.

The floral parade, which was the  
first feature of the afternoon, was led  
by Company G band, and was the  
possession of all eyes, was judged by  
Mrs. Charles Tombs of Schenectady,  
who for several years has been one  
of the judges in the fine arts depart-  
ment of the state fair. Her decisions  
were prompt and well considered, and  
met with general approval. The en-  
tries were twenty-seven in number  
and included farm, school and busi-  
ness floats, double and single teams,  
automobiles, organizations, bands and  
gentlemen horseback riders, and girl  
and boy bicycle riders. One of the  
finest features of the parade was that  
of boy bicycle riders. All the wheels  
were tastefully decorated and it was  
no easy matter for the judge to reach  
a decision where all were so nearly  
equal. The following are the:

1st.  
Boy Bicycle Riders—Frederick  
Lester, 1st; Bruce L. VanBuren, 2nd;  
Elmer B. Tobey, 3d; Howard Gibbs,  
4th.

While all the entries were of fine  
quality, particular reference should be  
made to that of the Anna Memorial  
A. M. E. church. It was a handsome  
float, artistically decorated with nat-  
ural flowers, within were seated a  
round dozen of the children of the  
Sunday school, and in the rear was  
the smiling face of the pastor, Mrs.  
J. E. Anderson, presider, perhaps, of  
the children that she was of the float.  
The A. M. E. float was heartily ap-  
plauded, as it deserved to be.

### Races Won in One-Two-Three.

Both races of the day, the 2:11 trot  
and the 2:22 pace and 2:18 trot, were  
closely contested, though in each they  
were won in one-two-three order. In  
the former race, Billy Dodge took  
the lead throughout, though a  
close contestant was Special Parole,  
owned by W. H. Wheeler of Stamford,  
a horse which had many friends in  
the crowd. There were only three  
horses in this race, Col. Mack not  
starting. In the 2:22 pace and 2:18  
trot six horses entered and five start-  
ed, the non-starter being Jeremy.  
Prize Purse. Take the previous race  
the contest was a good one, and in  
each heat the horses finished in a  
bunch under the wire. Betty R., own-  
ed by Irving Price of Colchester, was  
first in the three heats, with Miss

### COMMUNITY CHEST BUDGETS

Committee Approves Amounts Asked  
by Organizations—E. W. Elmore  
to Head Drive.

Budgets for the various organiza-  
tions affected by the campaign to be  
inaugurated shortly for the Commu-  
nity Chest, which will do away with  
10 smaller campaigns, were presented to  
the committee in charge at the  
Chamber of Commerce rooms last  
evening by representatives of the or-  
ganizations interested. The budgets  
presented were given careful consid-  
eration, all items being scanned  
carefully before final approval was  
given by the committee.  
All organizations to be benefited by  
the funds to be raised are without  
question worthy of support. Their  
existence is vital to the welfare and  
future growth of the city, and their  
accomplishments in the past and ef-  
forts for the future need but little  
explanation to the citizens of Oneonta.  
The organizations and their budgets  
are given as follows: Girl Scouts, \$250;  
Salvation Army, \$1,200; Society for  
the Prevention of Cruelty to Children,  
\$750; Boy Scouts, \$200; Society for the  
Prevention of Cruelty to Animals,  
\$300; Family Social Work association,  
\$4,500; Tuberculosis committee, \$2,  
000; Community association, \$2,000;  
Y. M. C. A., \$5,700; Red Cross, \$6,  
000; Contingency fund, \$2,900. Total  
fund to be raised, \$30,000.

E. W. Elmore was named by the  
committee as director of the campaign  
for funds for the Community Chest,  
and he will be the general in charge  
of the solicitation of subscriptions for  
these organizations, which will ac-  
complish in one big drive what it has  
taken ten smaller drives to accomplish  
in past years.

### FORTY HOUR WEEK AT SHOPS

Machine and Car Departments to be  
Closed Saturdays Starting This  
Week — About 450 Employees Af-  
fected.

Announcement was made at the D.  
& H. shops yesterday that an order  
had been received which cuts the  
working time of employees in the ma-  
chine, blacksmith and car departments  
from 48 to 40 hours per week.

There were accordingly posted in these  
departments that until further notice  
the shops will be closed every Satur-  
day.

About 450 employees are affected by  
the cut in time. Of these about 140  
are in the machine and blacksmith  
shops 315 in the car repair depart-  
ment.

The reason given for cutting the  
time of the employees of the  
shops is said to be to keep op-  
erating costs within the limits set by  
the appropriation for running the de-  
partments. There is plenty of work  
to be done but the railroad authorities  
are apparently in a hurry to get it  
caught up while the income is low-  
ered by generally slack business con-  
ditions.

In order that the employees might  
be given opportunity to attend the  
fair the shops affected by the time  
cut were closed yesterday afternoon  
and will be closed again this after-  
noon. For this reason the shops will  
open all day tomorrow, but here-  
after until further notice they will  
be closed every Saturday.

Street dance tonight at the corner  
of Main and Elm streets, weather per-  
mitting. Music by Company G band.  
Dancing from 8 to 11. The public is  
invited. adv 11

### AUTO RUNS INTO LAKE

Two Men And a Woman Have Nar-  
row Escape From Drowning at  
Stamford Wednesday Night—Driver  
Lost Bearings.

Stamford, Sept. 22.—Three persons  
narrowly escaped drowning early  
Wednesday evening when the Dodge  
machine in which they were riding  
broke through the heavy stone wall  
on the dirt road which leads to the  
Resniere hotel and became partly  
submerged in Churchville lake. Be-  
yond a good waiting and a few scratch-  
es none of them were apparently the  
worse off for the experience. The  
machine was pulled out of the water  
and taken to a local garage for re-  
pairs and the people stayed in the  
village over night and were taken to  
Oneonta this morning. They refused  
to disclose their names.

The driver of the machine said that  
they were on their way to Oneonta,  
and that for the reason that he had  
not travelled the road but a few times  
before he became confused and turned  
off on the dirt road towards the Res-  
niere. The road being absolutely  
strange he became confused and it  
was when he made a turn cor-  
responding with one on the main high-  
way that his car struck the heavy wall  
and plunged into the water.

The car was found to be in about  
four feet of water and the driver  
pinned to his seat in such a position  
that it was only by the efforts of his  
companions that he was kept from  
drowning. They held his head out  
of water until help arrived to aid in  
extricating him from his position.

The car was bent up considerably  
and the electric wiring short circuited  
and made useless by the water. It  
was found that the brakes were lock-  
ed, showing that the driver had at-  
tempted to stop when he realized that  
he was on the wrong road.

### SOON TO BE ROLLER SKATING.

Second Floor of Dibble Garage on  
Dietz Street to Be Used.

Oneonta will soon be roller skating  
again, that is provided the sport finds  
itself as popular as of old. The sec-  
ond floor of the Dibble garage is to  
be used and with its substantial floor  
should make a good place for a re-  
vival of the sport here.

Fred Fox of Richfield Springs, who  
soon closes his pavilion at Canada-  
rigo park, is to bring his complete  
equipment of skates to Oneonta and  
the project will be operated jointly  
by the Dibles and Mr. Fox.

### Street Dance Entertainment.

Another successful street dance was  
held last evening at the corner of Elm  
and Main streets by the Company G  
band and the Italian-American Cit-  
izens' club. The roped off enclosure  
was well filled during the evening,  
especially by members of the younger  
set who found the music excellent for  
dancing and the asphalt pavement,  
although not as satisfactory as polish-  
ed oak, well suited for even the most  
intricate steps. The share of the pro-  
ceeds going to the Italian-American  
club will help swell their Columbus  
Day fund.

For Sale.

lights, hardwood floors, located on  
Main state road, bus line, large barn,

## GRAND STREET HOUSE SOLD.

Sale of Two Family Residence Made to Milford Man.  
A recent sale made through the Campbell Brothers real estate agency was that of the residence property at 64 and 66 1/2 Grand street, owned by Miss Julia Phillips of 24 Grand street, to E. G. Hardy of Milford. Mr. Hardy will get immediate possession. The residence is situated on an especially large and attractive lot, and has all improvements for two families.

Another sale recently transacted through the Campbell Brothers agency was that of the J. E. Thompson property near the Country club to David Hollister of Fly Creek.

Secretary Hicks Under Knife.  
Secretary Everett Hicks of the Oneonta Chamber of Commerce underwent an operation for appendicitis at the Fox Memorial yesterday morning.

It was reported last evening that Mr. Hicks' condition was satisfactory and that he was doing well. The operation was performed by Dr. F. H. Marx, assisted by Dr. C. R. McCarthy. The secretary's many friends in the city will wish him a speedy recovery.

## NO CLAMBAKE NEXT TUESDAY.

Will Be Trap Shoot at Club Range and Perhaps Trip to Game Farm.  
Owing to the fact that sufficient interest does not appear to be taken there will be no clambake of the Oneonta Fish, Game and Gun club on Tuesday next, as had been previously announced. There will, however, be a trap shoot that day on the club range, beginning at 10 o'clock. A lunch will be served on the grounds at noon.

Following the trap shoot it has been suggested that such as desire to do so hold a basket picnic on the game farm near Cooperstown Junction, which the club is in process of acquiring. Those visiting the game farm should provide their own lunch. At the trap shoot, besides good shots from Oneonta, it is expected that there will be competitors from other cities and surrounding villages.

## Veritable Sermons in Song.

Rev. G. A. Dyke, pastor of the Methodist church, forwards the following for publication:  
On Sunday night Mrs. M. O. Landon of Delhi conducts her engagement as soloist and song leader with the Methodist church. She has a winning personality that brings warm friendship. Her zeal for music is contagious and secures best results in chorus work. Her voice, both by nature and training is superb in quality and scope. This together with rare gifts of interpretation renders her solos not only specimens of highest art, but also veritable sermons in song.

After fulfilling a six months engagement with the Methodist Episcopal church at Delhi, she will take up her work again at Meredith. Mrs. Fred Youmans of Delhi will have charge of the music at the Delhi church until Mrs. Landon's return.

## Woman Falls Down Stairs.

Mrs. Fred Prindle, an elderly woman who lives at 16 Gilbert street, was quite painfully injured yesterday morning when she tripped and fell down the stairs in her home. She carried a lamp, which was broken in the fall so that a piece of the chimney inflicted a painful cut on her left arm. She also suffered painful bruises on her left side. Dr. O. C. Turbox was summoned to attend her. The doctor found that no bones were broken.

Mr. and Mrs. Gertrude Foster of East Worcester were guests yesterday of the latter's sister, Mrs. A. H. Moore of South Side.

Mr. and Mrs. Harold Collar of Albany are guests this week of the former's parents, Mr. and Mrs. E. A. Collar of this city.

Auror Van Schaak of Altamont returned home yesterday after spending several days with Mr. and Mrs. F. W. Bouck, 232 Chestnut street.

Mr. and Mrs. Walter Mendes of Lake Luzerne are spending fair week with their son-in-law and daughter, Mr. and Mrs. Fred H. Bessie.

Principal Burgess of the Oneonta State Normal school is in Albany, where he will attend a conference of Normal principals held today.  
A. C. Bart received word yesterday of the death of his brother-in-law, C. H. Cushman, of Ciceto, and left on the afternoon train to attend the funeral.

Jay W. Uter of Norwich is spending a week's vacation as the guest of his father, William G. Uter, 503 Main street and attending the Oneonta fair.

Mr. and Mrs. Edgar Bartlett of Cananda are spending a couple of days visiting at the home of her sister, Mrs. F. O. Robbins and Mrs. H. W. Lee.

The Misses Margaret and Jane Conroy of Binghamton are spending a few days at the home of Mr. and Mrs. Harry H. Dunton, 52 Fairview street.

Mr. and Mrs. Charles L. Bogart of Buffalo are visiting the former's uncle, A. V. Price, and cousins, Mrs. Martha A. Paul and Mrs. F. M. H. Jackson.

Mrs. Mary O'Dell, who for the past month has been assisting in the city clerk's and city chamberlain's offices, left yesterday morning for her home in Towanda, Pa.

Mr. and Mrs. George M. Parker returned yesterday afternoon to their home in Troy after a visit with Oneonta friends and to the Oneonta fair for a couple of days.

Otto Shaw of Norwich, accompanied by his sister, Miss Evelyn Shaw, has been visiting for a few days at the home of Mr. and Mrs. H. H. Herbert Church, 14 Spruce street.

Jerome A. Welsh of 136 Chestnut street left yesterday for Providence, R. I., where he will resume his studies at Brown university, where he is a student of the senior year.

Attorney Burton W. Davis of Wilkes-Barre, Pa., is the guest of his friend, B. E. Swart, for a few days. Attorney Davis is leaving here today for St. Johnsville, his old home town, for a short visit.

Mr. and Mrs. Ivan O. Bush returned last evening from Chicago and are now at their home on Third street. Mr. Bush had been pursuing an electrical course in Chicago, and Mrs. Bush had been in that city for the past two weeks.

C. R. McCarthy and B. H. Lambert of the C. R. McCarthy company returned yesterday from Rochester, where, as delegates from the New York state body, they have been in attendance at the convention of the National Association of Retail Clothiers.

Dr. Walter B. Ford of the University of Michigan, who had been guest for a day or two of his parents, Mr. and Mrs. Sylvester Ford, returned yesterday to his home in Ann Arbor. Dr. Ford had for several days been attending an educational convention in Boston, Mass.

Dr. F. I. Bugbee of the State Normal school left yesterday afternoon for Albany to attend a conference of the Normal principals of the state. It was expected that the new commissioner of education would be present at the conference and would have luncheon with them.

Mr. and Mrs. Lynn W. Hathaway and daughter, Ruth, left yesterday by auto for Mrs. Hathaway's home at Dushon, Pa. Their return trip will be by Elmira, where they will visit friends and home by way of Ithaca. They were accompanied by Mrs. Mary O'Dell, who returned to her home in Towanda, Pa.

Superintendent and Mrs. J. K. McNeillie, there will be general regret to learn, are no longer residents of Oneonta, having removed their household goods yesterday from their residence on Irving place to Albany. While Albany is doubtless more convenient for Mr. McNeillie's duties with the Delaware and Hudson company, the many friends of the genial superintendent and his family are sorry that they are not to remain in the city where they had won so large a share in the affections of the people, and they will wish them the best of fortune in their new home.

## FOUND DEAD ON CABOOSE

Body of John Saxon, D. & H. Conductor, Discovered by Son—Heart Failure Probable Cause of Death.

John Saxon of 138 Robinson street, Binghamton, a conductor with a service record of 30 years in the employ of the Delaware and Hudson railroad company, was found dead on the platform of his caboose while the freight train of which he was in charge was passing through the tunnel south of Nineveh station at 9 o'clock yesterday morning. The exact cause of death is not known, although it is thought probable that he suffered an attack of heart trouble.

Mr. Saxon was in charge of freight train No. 497, a through freight from Binghamton to Mechanicsville. A compressed air hose connection broke soon after the train entered the tunnel, stopping the train and necessitating repairs before the trip could be continued. Saxon started back over the train to obtain some tools from the caboose. When he did not return after the lapse of several minutes, his son, Clifford, a brakeman on the same crew, went back to ascertain the cause of the delay and found his father's body lying on the platform of the caboose.

The body was taken to Binghamton on the early morning train and removed to an undertaking parlor where an autopsy was performed by Coroner Frank H. Hitchcock, who has not yet announced his findings. It is thought by some that Mr. Saxon fell from the top of the train and that death resulted from a fractured skull, but this theory is scouted by Oneonta railroad officials as the body bore no signs of injury. It is considered more probable that he was stricken with heart failure just as he reached the caboose platform.

Mr. Saxon, who is 51 years of age, is survived by three sons, Clifford, mentioned above; Clarence, also a D. & H. brakeman, and Harold, employed by the National Biscuit company in Binghamton, and a daughter, Edna. The funeral arrangements have not yet been announced. Mr. Saxon is well known in Oneonta, especially among the older railroad men.

#### BEGIN NOVEL SUIT.

Attorney George L. Boeken Represents Estate in Unusual Action.  
Hon. George L. Boeken of this city is the attorney for the estate of the late Oliver Yager, late of Cobleskill, and is defending an action brought by Miles Lovejoy and Frank Yager, both of Harpursville, against the estate to recover \$25,000, the alleged value of a horse owned by the plaintiffs.  
Oliver Yager died in April, 1920, and the plaintiffs presented the claim to the executor who disallowed it. The plaintiffs allege that the horse in question was killed by a horse owned by Oliver Yager, through the negligence of the latter and that he was responsible for the death of the horse. The accident occurred about six months prior to the death of Yager. Vere H. Muller of Binghamton, well known in this city, is attorney for the plaintiff. County Judge Baker of Binghamton gave the attorneys 20 days in which to file briefs.

#### Tells of Settlement Work.

Miss Elizabeth Brownell gave an interesting report of her experiences as a settlement worker in New York city, at the weekly prayer service held last evening in the First Presbyterian church. Miss Brownell, who is a student at Vassar college, Poughkeepsie, profitably spent part of her summer vacation with a number of other college girls, in work among the foreign children of New York city. Her story was an interesting one, with numerous episodes of both humor and pathos.

Miss Brownell returns to her studies at Vassar today.

#### The Features for Today.

In addition to the races, for which the best horses at the fair are entered, the floral parade will be repeated, and also there will be a parade of prize-winning cattle and horses.

All the road attractions will be given, and not improbably other special features of interest. The largest attendance of any last day in fair history is anticipated.

#### Notes of the Fair.

Quincy B. Parish, who for the past five years has been superintendent of cattle, states that the cattle exhibit this year was 25 per cent larger than ever before. Moreover, with the exception of two herds, all the exhibits were tuberculin tested, and all save two lots were registered animals.

A representative of the Civic league of Albany, who visited the fair yesterday complimented the management on the manner in which it is conducted. He considered it the best fair in this respect which he had seen, with nothing on the grounds objectionable. "The society," he said, "should be congratulated on running so clean a show."

A pocketbook containing a small sum of money was found on the grounds yesterday. Owner should apply at police headquarters.

Much favorable comment was made yesterday concerning the state troopers who were upon the grounds and assisted in handling the great crowd. They were milk courteous and efficient, and had no difficulty in managing difficult situations.

Among the visitors at the Oneonta fair yesterday were several officers and directors of other vicinity fairs. Among them were Charles A. Wieting of Cobleskill, ex-state commissioner of agriculture; James Fuller, director of the Cobleskill fair; H. C. Brockway, secretary of the Richfield Springs fair; B. G. Johnson, secretary of the County Fair association at Cooperstown, and President C. H. Naylor of the Morris fair. Charles J. Borst of Cobleskill was also a visitor.

The exhibit of agricultural and other interesting papers and books made by the Huntington Memorial library in the Liberal Arts building, attracted much attention and was the subject of much approving comment. In particular many children, tired with the round of sight-seeing, visited the display and spent much time reading.

No one visiting the Liberal Arts building should fail to see the fine display of paintings shown on the second floor by C. C. Holden, a well-known New York artist. Some original work of much merit, there are replicas of the best of the Rembrandt and VanDyke pictures and of ancient tapestry.

Careful selecting of young leaves picked at just the right time, sun-dried and in curing and bleaching, scaling in air-tight packages. These are the things that make Biva tea so good. advt 6t

#### MOTORIST SPEAKS HIS MIND

Prominent Resident of Detroit Advises Motorists to Keep Out of New York State and Declares Present System of Oiling Highways is Wasteful.

Mon, Sept. 21.—Horatio Sawyer, Earl of Detroit, Mich., national president of the Exchange club, who has recently returned from a tour of New York state, contributes the following in the latest issue of the National Exchange Advocate, which voices the sentiments of many motorists and will be read with interest by them: "Ye president has just returned to his office from a four week's automobile tour through New York state, Vermont, New Hampshire, Maine, Massachusetts, Pennsylvania and Ohio.

"He has not scraped off his car at least 20 pounds of New York state tar and road material that the taxpayers of that have paid for.

"If I were a resident of that state I would ask for an injunction on the state highway department to keep them from daubing the roads with tar and every car that passes over them, and wasting tons of road material.

"This daubing and waste is absolutely unnecessary, and any road official who is to draw a salary or wages ought to know it, and this article is not written by an amateur but by a man who has had 25 years of road building experience, and who was head of a state highway department for eight years.

"If tar, oil or asphalt is to be used, it should be mixed off the road, brought on spread and rolled. If this method is not used the fine stone or gravel should be spread immediately after the daubing, and a surplus of it, so that no tar or oil could be picked up by the tires.

"In these two ways only can a hundred per cent of the value of the material used be obtained.

"A thousand cars a day are passing over these New York daubed roads, and in ten days they have carried off to other states two hundred tons of the taxpayers' material, and besides they are telling every tourist or would-be tourist—Keep out of New York."

"If it is thought to be wise to keep tourists out of New York, then ten miles of every road leading into the state should be daubed and a sign put up at the state line everywhere reading: These Roads Are Daubed to Keep You Out."

Floyd Still Married.

Floyd Still of this city was united in marriage at Albany on Wednesday with Mrs. Helen Barbender of 125 Broad street, Albany. They are now enjoying a pleasure trip to Chicago, Thousand Islands and other points of interest.
